Limey

COROKIA VIRGATA

Corokia Limey has a lush green limey fresh look on upright stems with a grey tone. Limey is a borderline hardy, compact, upright, evergreen shrub with broadly lance-shaped, yellow-green to yellow leaves and clusters of small, fragrant, star-shaped, yellow flowers in spring followed by bright red fruit in autumn.

SIZE	H 0.50m x W 0.50m
BLOOM TIME	Insignificant
FOLIAGE	Evergreen if no frost
HABIT	Trim as required
PROPAGATION METHODS	Cuttings
HARDINESS	Moderate tolerance
USDA HARDINESS ZONES	8+
LICENCE	Licence available world wide
PROTECTION STATUS	-
