## Chef's Choice®

ROSMARINUS OFFICINALIS

Bring Mediterranean charm to your garden with the stunning Rosmarinus 'Chef's Choice'. Long arching stems and fragrant needle-like evergreen foliage spill languidly over rock walls or container edges and lovely lavender-blue flowers light up in spring. 'Chef's Choice' Rosemary is a popular addition to home gardens as a culinary herb, as well as for its fragrance and elegance. Wonderfully versatile 'Chef's Choice' can work in many situations; from cottage to Mediterranean style gardens, in borders and as informal hedging, for medicinal and cooking purposes and in coastal rockeries or patio containers. It is also the perfect addition to a gin & tonic, what more could you ask for! Extremely tolerant of many conditions including wind, frost, salt and drought. Plant in well drained soil, preferably in full sun. Evergreen.
