## Geenty's Ghost

COROKIA X VIRGATA

Add a silvery green shimmer to your planting schemes with this special little native. Great contrast plant that makes a wonderful formal hedge or topiary specimen as it clips extremely well. Equally attractive planted in informal groups. Easy to grow. Evergreen. PVR.

Corokia are tolerant of coastal conditions, very hardy and thrive in just about any soil though their preference is for an open sunny site. Very quick to establish. If not trimmed to hard the little yellow flowers will turn into red berries in the autumn that birds love.

<b>SIZE</b>	H 1.2m x W 1m
<b>BLOOM TIME</b>	Grown for foliage
<b>FOLIAGE</b>	Silvery green, finely textured
<b>HABIT</b>	Dense, compact shrub
<b>PROPAGATION METHODS</b>	Cutting
