## Spellbound

COSMOS ATROSANGUINEUS

A particularly striking Chocolate Cosmos with rich maroon, daisy-like, flowers and a seductive chocolate fragrance. Cosmos atrosanguineus 'Spellbound' is a choice half-hardy perennial for a sunny border, and well loved by pollinating insects. Plant it among other perennials to support its stems - it associates beautifully with hot fiery colours. Although perennial, the Chocolate plant is often grown as an annual, but can easily be over-wintered if grown in containers and kept in frost free conditions. Deciduous. H 0.5m x W 0.5m

<b>SIZE</b>	H 0.5m x W 0.5m
<b>BLOOM TIME</b>	Spring & Summer
<b>FOLIAGE</b>	Dark green
