Mystic Sparkler

DAHLIA HYBRIDA

Mystic Dahlias are a contemporary series from distinguished NZ breeder Dr. Keith Hammett. The series features a chic combination of dazzling blooms set against deep mahogany to black foliage, creating a distinctive style for modern gardens.

Mystic 'Sparkler' is a standout with its brilliant fuschia blooms. Their hot pink petals have bright yellow halos that are set against a burnt red centre. Mystic 'Sparkler' is an eye catcher and has excellent retail appeal. Mystic Dahlias are low maintenance and, unlike older generation Dahlias, their strong upright stems do not require staking. They are ideal for containers and garden beds, attracting bees and butterflies with their brilliant colours. They are also wonderful as cut flowers. For best growth and colour performance plant in full sunlight.
