Mystic Wizard

DAHLIA HYBRIDA

Mystic Dahlias are a contemporary series from distinguished NZ breeder Dr. Keith Hammett. The series features a chic combination of dazzling blooms set against deep mahogany to black foliage, creating a distinctive style for modern gardens. Mystic 'Wizard' enchants with its richness and intensity of colour. These stunning blooms melt from brilliant hot-pink at the tip into deep shades of cerise framing a dark centre. Mystic Dahlias are low maintenance and, unlike older generation Dahlias, their strong upright stems do not require staking. They are ideal for containers and garden beds, attracting bees and butterflies with their brilliant colours. They are also wonderful as cut flowers. For best growth and colour performance plant in full sunlight.
