Electro Pink (syn. Neon Star)

DAHLIA X HYBRID

A stunning new variety and breakthrough in dahlia breeding - the first-ever cactus dahlia with dark, reddish-black foliage - bred by renowned and revered New Zealand plant breeder, Dr Keith Hammett. Dahlia Electro Pink certainly catches the discerning eye of dahlia lovers for its compact, tidy, form and wealth of eye-catching cactus blooms, outstanding in the garden and perfect for the vase. Pure, saturated mid-pink blooms, sit just aloft of striking dark foliage, creating a stunning contrast and fabulous display for many months on end over summer and autumn. Plant in a sunny, sheltered spot, in well-drained soil in garden borders, or in large containers to brighten up deck and patio areas for the summer / autumn season. Deciduous.
