Mighty Mouse

MAGNOLIA SOULANGEANA HYBRID

Bred in New Zealand by revered Magnolia breeder Vance Hooper, Magnolia 'Mighty Mouse' is an absolutely charming 'mini-me' version of worldwide favourite and award winning, Magnolia 'Genie'. From foliage and shape and form, to buds and fully formed blooms, every feature of Magnolia 'Mighty Mouse' is an exact replica of 'Genie' - in miniature! The depth of colour in the blooms is nothing short of stunning and given plenty of sunshine and adequate moisture, 'Mighty Mouse' is likely to repeat flower in the height of summer. Given its diminutive dimensions, 'Mighty Mouse' makes the perfect specimen for the tiniest garden and is well-suited to containers. Plant in a sunny, sheltered position, in well-composted, well-drained soil in the garden. Use a quality outdoor Tub Mix in containers. Deciduous.

SIZE	H 1m x W 1m
BLOOM TIME	Late winter to early spring / repeat flowers mid to late summer
FOLIAGE	Mid-green
HABIT	Bushy, small shrub
PROPAGATION METHODS	Budding / Grafting / Cuttings
