Lemon and Lime

COPROSMA REPENS

Bred from the very popular, best-seller, 'Evening Glow', Coprosma 'Lemon and Lime' will not disappoint. Fresh lime-green foliage is splashed with variegations of yellow and emerald-green resulting in a sunny, uplifting appearance in the garden. Team with dark foliage plants for a beautiful colour contrast and fine grasses for a satisfying textural contrast. Plant in sun or semi-shade and protect from heavy frost. Trim to the desired shape and / or at least once a year, to maintain a tidy, compact habit. Wind, coastal and dry tolerant, once established. Low maintenance. Evergreen.

SIZE	H 1.5m X W 1.5m
BLOOM TIME	N/A
