Flash Gordon (syn. Burning Kiss)

HELLEBORUS ORIENTALIS

Helleborus 'Flash Gordon' the cold weather hero! Winter can be a difficult time to keep colour and interest in the garden, but that's exactly when Helleborus 'Flash Gordon' flourishes its beautiful deep wine red flowers. This popular garden specimen has stylish, dark green foliage that adds texture and interest all year round, paired with the stunning blooms that last throughout the winter and early spring months. 'Flash Gordon' is also tough, cold-hardy and extremely easy to grow, holding up the coldest climates and dark months of winter. Great for filling out shady areas or in pots where you need a touch of winter colour and class.

SIZE	H 50cm x W 50cm
