You&Me Eternity

HYDRANGEA MACROPHYLLA

Hydrangea macrophylla You&Me® 'Eternity' is one of a series of Hydrangea characterised by their amazing double flowers, bountiful blooms, compact growth and sturdy root system. You&Me® Hydrangeas flower in expressive, emotional colours, dark pink or blue, often depending on the PH-level of the soil. They bloom intensively throughout summer making You&Me® Hydrangeas perfect for the balcony or patio. They are also great as shrub borders, in mass plantings, or mixed with other plants in garden beds. They perform best in moist, well-drained soil in full sun, or partial shade, and are winter hardy to -22° Celsius. Prune in late winter for an abundance of flowers in summer. Deciduous.
